

# Automatic Skimmer

MODEL 3400

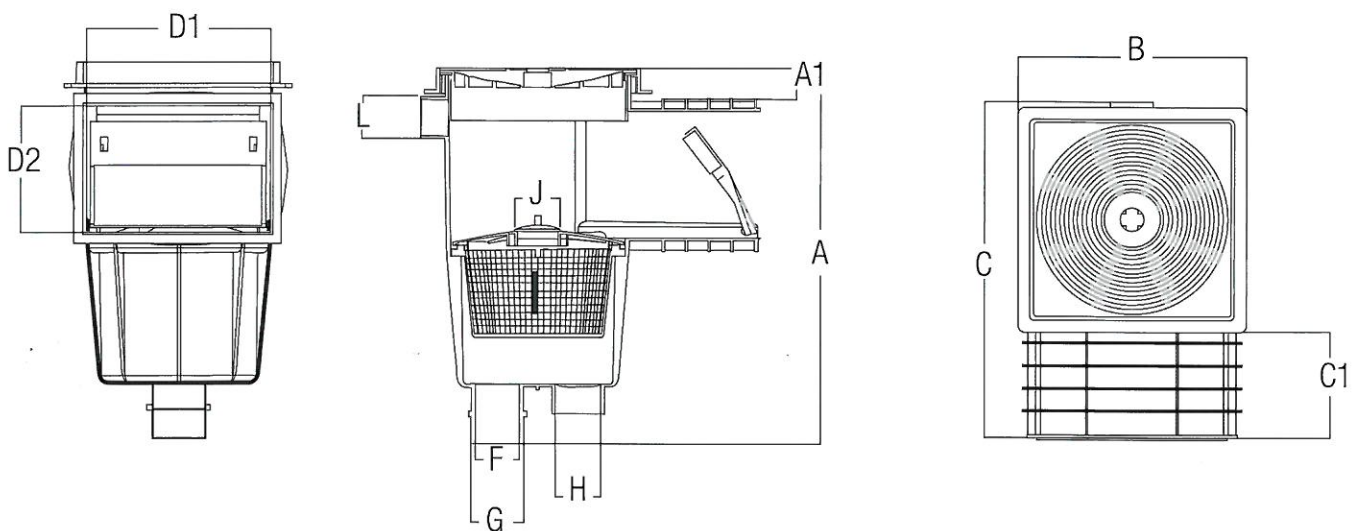

WHITE GOODS

The 3400 Series Automatic Skimmer for concrete pools is ideally suited for pools where a value priced full-size residential skimmer is desired.

The Model 3400 Skimmer is one-piece injection molded of corrosion proof ABS with UV inhibitors. The 3400 Skimmer features a self-adjusting weir, large debris basket, flow control slide valve, port plug and a 40mm auxiliary overflow port. An adjustable collar allows for 1" vertical adjustment to accommodate any deck construction variances.

Multiple plumbing options allow for 50 mm slip, 1 1/2" internal and 2" external threaded choices. The 3400 Series includes a vacuum plate for manual vacuuming of the pool with the debris collected in the basket. The quiet operation Model 3400 skimmer provides for a recommended maximum flow rate of 5m<sup>3</sup> per hour.
